Happy New Year!

I wish to thank the members of the Executive Committee, committee members and the membership for a fantastic job in 2017. In 2017, Our Squadron had great rendezvous, interesting speakers and special events like our Spring Launch and Holiday Dinners. We also had to make some tough decisions and say goodbye to several squadron members. It is time for 8 bells and our Squadron's Change of Watch. I am inviting all Squadron Members to our Change of Watch on 10 January 2018 at the Grosse Pointe Yacht Club. The meeting begins at 1930. Come and support Commander Elect John Sulkowski, AP as he assumes the helm for 2018. Our Squadron thrives on the spirit of volunteers like you. Your help provides our Squadron with resources to help it meet its mission and goals. Volunteerism is important for the communities we serve and benefits the volunteer. Consider becoming more involved. Teach a class, sponsor a rendezvous or help with the newsletter. Being a squadron volunteer means that you are offering something special. However, you can help, our Squadron is better off.

2018 VSC Decal Distribution

I received 240 Vessel Safety Decals for 2018. The decals a squadron receives are equal to the number of decals awarded and reported to USPS plus 10 percent. The Decal Awareness Program received a grant from the United States Power Squadrons Board of Directors to purchase 35,000 vessel examiner business cards. The cards serve as a segue for promoting America's Boating Club. Our Vessel Examiners will receive their business cards before the end of January.

America's Boating Club Marketing Guidebook

The America's Boating Club Marketing Guidebook is now available. With a tremendous amount of enthusiasm about the America's Boating Club branding strategy, our squadron is eager to move forward. This comprehensive guidebook contains information on how to improve marketing and promotion at the squadron, district, and national levels. It is our gateway to help rethink how we present ourselves to the boating public and includes links to new logos and branding specifications, updated brochures and promotional materials, a training session for a successful booth at boat shows, suggestions and ideas for marketing and public relations, and other marketing tools.

This guidebook can be downloaded at:

<http://www.usps.org/national/marketing/ABCclub/America's%20Boating%20Club%20Guidebook.pdf>

I predict that the Grosse Pointe Power Squadron will have a great 2018 under the command of John Sulkowski. Now let's get to work and have some fun!

Safe Voyage Everyone,
Cdr Bill Stano, JN
wstano@comcast.net

Grosse Pointe Power Squadron

Executive Department Lt/C John J. Sulkowski, AP

This is my final message as Executive Officer for 2017. I want to thank all the people who have helped in the Executive Department this past year and all those who have helped organize the Commanders Ball for 2018, especially Lt Bonny Utz who has led the way. We have a great team of volunteers who have worked across all departments to make this squadron shine. Our meetings, programs and rendezvous have been well thought out. If you didn't take part in any of these events in 2017, you missed out. P/C Joan McCarron will be heading up the Administrative Department for 2018 and I can't wait to see what will be planned.

Plan on coming to the Change of Watch on January 10th. We will be swearing in the newly elected officers and appointed Chairpersons. This is an opportunity to give your ideas and

suggestions to the people who will be guiding the squadron. I will also be taking command of the squadron on that day. I want to know what activities you would like to see. Do you have an idea for a rendezvous by water or on land?

Do you have an idea for a speaker or topic for our meetings? Email me with your thoughts and suggestions. Remember that this is your squadron

***Plan on coming
to the
Change of Watch
on January 10th.
We will be swearing
in the newly
elected officers
and appointed
Chairpersons.***

The Grosse Pointe Power Squadron 79th Commanders Ball will be January 20th 2018 at the Grosse Pointe War Memorial. Entertainment will be provided by Larry Lee and Back in the Day Band. Don't miss it!

Wishing you all the best in the New Year!

Grosse Pointe Power Squadron

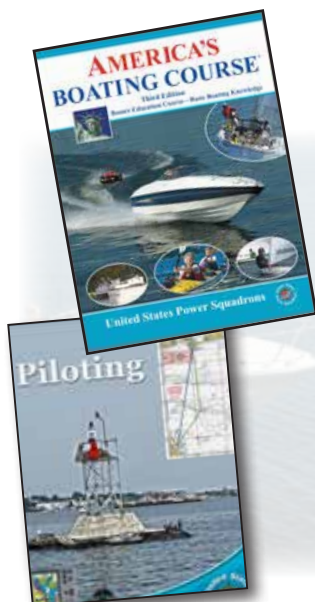

SEO Report *Lt/C Chet Dunbar Jr., AP*

Thanks to instructors and students who taught or attended classes in 2017. We had a very successful educational year.

Thanks for your trust in me and my staff to continue this year. We have plans for even more education classes in 2018. We have purchased a virtual trainer, test drive it at one of our upcoming boating classes.

Wishing You Safe Waters!

ABC Boating Course and Advanced Pilot Class

Monday, February 26 at 6:30 pm
Grosse Pointe North High School

Grosse Pointe Power Squadron

Administrative Department *Lt/C Natalie Dunbar*

Happy New year to you! If you missed the Christmas party due to weather, health issues, etc, you missed a good one! We had a wonderful time! The Grosse Pointe Yacht Club surpassed all expectations with the holiday decorations, the food was excellent, and the company was stimulating and entertaining. We also had a gift exchange that provided each person bringing a gift the opportunity to select a gift from the gift table. In my opinion, Christine Reif got the best of the offerings, which was fitting, since it was her birthday. The marines were in attendance were able to transport a generous bounty of Toys for Tots.

This is the start of a brand-new year with a brand-new Grosse Pointe Power Squadron bridge that will be sworn in at the change of watch on Jan 10. Come and join us! This new year brings a new set of things to do with your boat and your power squadron. Make a New year's resolution to participate, to have fun, and to learn more about boating and your fellow squadron members!

I want to thank Bonny Utz, Ron Utz, John Sulkowski, Michael Babiarz, and Bill and Rose Stano, for pitching in and working hard to plan and make all the 2017 activities successful. Special thanks Dave Charvet, and anyone else I may have missed.

happy new year!

This is the start of a
brand-new year with a brand-new
Grosse Pointe Power Squadron bridge
that will be sworn in at the change of watch on Jan 10.

Come and join us!

Grosse Pointe Power Squadron

Secretary Department *Lt/C Rose Stano, AP*

Despite the bitter snow and cold, 2/3rds of those who signed up made it to the Christmas Party at the Grosse Pointe Yacht Club for the December Meeting. The Three other events to be held at the Yacht Club that night all cancelled due to the snow. But we are a hardy bunch and those that came had fun with the Marines and the gift exchange. Several fun toys were donated to Toys for Tots program. It seems often our events in the winter are plagued by the weather but the ease of being close by makes it easier for some of us to attend. I can remember being snowed in in Northern Minnesota one Thanksgiving and we went to the local store for boots and then bowling cause you just had to embrace the adventure.

Since it is a New Year, let's all make a **Resolution to Get More Involved**. Each of you has a hidden talent or need to help others and we could reach more people with your help. If you all gave just **10 hours** of your time this year, you could also receive a **Merit Mark**. Maybe you like teaching or want to hone your boating skills- then come on Monday night at Grosse Pointe North High School to help with classes in the Winter and Spring or GP Farms Pier Park in the Summer and Fall. Maybe you want to be outdoors and see other boats and boaters, then come when we have a booth at Vessel Safety Check Events, and even become a Vessel Safety Examiner. Maybe you would like to take new Boaters out on your Boat and teach them to drive, then Call Chet to be an On The Water Trainer. Dave Charvat and Joan McCarron enjoy doing this. Maybe you like to travel, then come with us to Orlando in February for the National Meeting and comeback and write some articles for the Newsletter or give a presentation at a meeting. The Nation Meeting has training classes on Leadership that are helpful to be on the Bridge but also help with your Personal Development.

Since it is
a New Year,
let's all make
a Resolution to
Get More
Involved.

Do you have an area where you think we need to be more involved such as a beach clean-up or teaching boating safety classes in schools or to Scouts, at a local Park or through the DNR? Do you have an event were we could set up a booth to share our mission, or place to host classes or more

Vessel Safety Events? We can do anything if we work together to accomplish it. Remember we are in 2 local parades each year, the **St Clair Shores Memorial Day** and the **Santa Claus Parade** in Grosse Pointe the day after Thanksgiving. Come and march to show your support and further our mission. Also there is the Coast Guard Festival Parade in Grand Haven, Sat. August 4, 2018. This is the Best Parade and a get family event. Send you suggestions to

myself or discuss with any Executive Board member or come to our E Board meetings the 4th Wednesday of the month to present.

This is an **Exciting YEAR** for us in Grosse Pointe because **April 6-8, 2018**, we will be hosting the **District 9 Spring Conference**. We are planning a big celebration as **D/Lt Michael Babiarz** becomes the New Commander. This is a great honor and has been a lot of work by Michael to move up the District Bridge. The last Grosse Pointe Commanders to do were Bill Stano in 2013, John Bennet and Ted Smith before him. To put on such an event, **we need help** with registration, decorating, photography, and attending. We will be having a Casino Night as our entertainment at the Saturday Night Dinner for something different. Please come and share the excitement. It will be held at the 175 and Square Lake Road. Put the date on your calendar now and plan to spend the weekend with us.

Thank you for your support.

January 2018 - Your winter recreation guide!

Embrace the cooler weather by getting outdoors. Discover Michigan's great outdoors in this special issue of Inside Michigan's Great Outdoors!

Take winter by the boot laces with outdoor fun

Shift your plans for the coming year into high gear and commit to exploring Michigan's great outdoors throughout 2018. In the coming weeks, there are a number of snow-worthy events taking place in state parks, such as lantern-lit walks and guided snowshoe hikes, or other activities that can be navigated on your own time.

Find an online calendar at michigan.gov/winterfun or explore state parks, trails and waterways at www.michigan.gov/stateparks.

Winter camping brings cool adventure

Yes, you can camp during the winter months! Quieter surroundings, longer evenings at the campfire and stunning views are just a few of the benefits of winter camping.

A handful of Michigan state parks are open for winter camping, and a number of state parks offer unique alternative lodging options (camper cabins, yurts, cottages, pop-ups and lodges).

To view parks with winter camping, visit michigan.gov/recsearch and type "winter camping," "cabins & lodges," "mini cabins" or "yurt" in the search menu.

Free Fishing Weekend hooks anglers Feb. 17-18

Reel in the first of two Free Fishing Weekends Feb. 17-18. Twice a year, residents and non-residents can enjoy two back-to-back days of fishing without a license. All other fishing regulations apply.

Additionally, the DNR will waive the regular Recreation Passport entry fee that grants vehicle access to state parks. Check out the official events scheduled for the weekend.

MICHIGAN DEPARTMENT OF

NATURAL RESOURCES

Luge yourself: ice skating, skiing, sledding and much more

The ultimate winter adventure awaits you! Even a novice adventurer will love the variety of adventure options at the Muskegon Winter Sports Complex. A luge (one of only four in the country), ice skating through the woods, sledding and cross-country skiing are all part of the experience.

Downhill skiers and snowboarders will enjoy 15 groomed trails, four glade trails, the second-highest vertical drop in Michigan (or Wisconsin) and breathtaking views of Lake Superior at the Porcupine Mountains Ski Area. The ski area also offers a launching point for cross-country skiing and snowshoeing.

Shoe Year's Day Virtual Race to benefit state parks

Kick off 2018 with the Shoe Year's Day Virtual Race. Participants choose where and when to complete their outdoor activity, as long as it is done on two feet. You can run, walk, hike, snowshoe, cross-country ski or skate.

Participants will receive a commemorative finisher's medal and an event T-shirt and can register through Feb. 1. A portion of the proceeds benefits state parks.

Snowmobile season on track with plenty of snow

Explore the beauty of Michigan while riding along 6,000-plus miles of designated snowmobile trails.

Visit michigan.gov/snowmobiling to connect to online resources, such as trail maps, trail reports, closures and safety tips, as well as information on purchasing a trail permit. The snowmobile program is 100 percent funded with your trail permit dollars, and the dollars help fund trail grooming, signage, maintenance and more.

Unique winter wildlife viewing opportunities abound

When winter arrives, there are plenty of opportunities to view birds that migrate to Michigan for the frosty months. The great gray owl, northern shrike, pine grosbeak and common redpoll are just a few of the birds you can see. Closer to home, you may see dark-eyed juncos feeding on the ground under your bird feeder. Snowy owls are popping up all over the state this winter – look to open fields and lakeshores to spot these beautiful birds. [Explore wildlife viewing.](#)

Indoor learning adventures

The DNR also brings learning adventures indoors. Check out these DNR destinations that are perfect for an extra cold day, a family outing and much more.

Outdoor Adventure Center

Located on Detroit's riverfront, the Outdoor Adventure Center gives a taste of Michigan's great outdoors in the heart of the city. This 40,000-square-foot historic building plays host to hands-on activities, exhibits and simulators that help visitors experience the outdoors by touching a waterfall, stepping into a fishing boat, reeling in a big fish, riding a snowmobile and much more.

The OAC is open five days a week and offers a variety of special events.

Michigan History Museum

The Michigan History Museum is located inside the Michigan Library and Historical Center in downtown Lansing. It is home to five levels of permanent and changing exhibits that tell the story of Michigan's past. It is open seven days a week.

Michigan History Center statewide events

Programs take place year-round at 11 historic sites and museums. A calendar listing of statewide events is available.

Grosse Pointe Power Squadron

Safety Article

Did you get a chance to read the Ensign Magazine? It showed we still have our work cut out for us. The U.S. Coast Guard Recreational Boating Statistics for **2016** show a **12 percent increase in boating death** to 701 from 2015. The number of **accidents increased 7.3 percent** to 4,463. That breaks down to 5.9 deaths per 100,000 registered recreational vessels. Once again the leading contributing factor in fatal boating accidents is **Alcohol**, at 15% of deaths. The top five contributing factors in accidents were operator not paying attention, inexperienced operator, improper look out, excessive speed, and machine failure. These are important facts for us to use to promote Boating Classes and safety. We have new tools at our disposal to accomplish this task.

In our Squadron, we have just purchased a Virtual Trainer computer set up to interest people in learning to Boat. If you know of some event that might benefit showcasing our Computer, let Chet know. Our Boating Classes will start Feb 26th at Grosse Pointe North High School with our ABC beginning boating class and Advanced Piloting. Anyone who takes a Boating Class with us is offered On the Water training with our Certified Instructors, on their boat or ours. If someone can't make it to a class, there are on line options. Multiple Seminars are available on line to include Partner in Command; Boating on Rivers, Locks, and Lakes; Weather for Boaters; Planning your Cruise: VHF Marine Radio; GPS; and AIS Electronics for Boaters. USPS has a Digital Media Library with videos that students can view from home or instructors can use to teach boating safety. Access the videos on line at uspsdml.org.

So get out there and share your love of Boating. Talk about Boating Safety and always wear your life jacket, don't drink alcohol and drive, wear your engine cut-off switch, get and encourage others to get Vessel Safety exam, and encourage boating safety classes.

Thank you for your help
Rose

Grosse Pointe Power Squadron

2018 Detroit Boat Show

Hello to all and Happy New Year!

Its my pleasure to inform you that the Detroit Boat Show is coming up February 17th – 25th.

They say more than 60,000 people will walk through the show and right in front of our booth, just a hand shake away.

The show is free to all members that volunteer to work the booth.

Please open the containers under the table that are at the show and refill the table with information.

So be aggressive and say HELLO to all 60,000.

We are America's Boating Club and members of the United States Power Squadron let us show you how to be a better and safer boater!

Thank you to all members,

Bob and Bonnie Krieg

NATIONAL MEETING – UNITED STATES POWER SQUADRON ROSEN CENTER, ORLANDO FL. FEBRUARY 21-25, 2018

Hotel Reservations can be made through the National web site
Meeting agenda is not available at this time.

Join Us!

Registration for USPS 2018 Mtg is Now Open!

Message:

The United States Power Squadrons National Meeting will hold its 2018 Annual Meeting in Orlando from 21-25 February, 2018 at the Rosen Centre. Hotel and event registration is open and available at the following link. Your early registration is greatly appreciated so we can ensure their availability and minimums are met.

Remember, the purpose of these meetings is to vote the new officers in (this is a Change of Watch year), meetings to get work done on the various committees, and to communicate. Face-to-face communications is still the best form and this is your opportunity to share your ideas.

https://www.usps.org/php/reservations_new/meetings.php?mtg_id=21

See you there!

National Meetings + Events

Fun + Friends at our Annual Meeting

Twice a year we get together to make friends, learn new skills and become part of something larger. This February, join us in Orlando, Florida, for our 2018 Annual Meeting. Together with volunteers and boating partners from across the country, you'll learn something new about boater safety while soaking up the sun.

Tours & Events

The biggest gathering of USPS members each year, our annual meeting includes a host of activities and amazing tours for members and guests. Enjoy a breakfast with keynote speakers Capt. Dave and Nancy Haslam of the Tall Ship Lady Washington. We've also planned luncheons, dinners, change of watch dinner-dance and countless other opportunities for having fun with new friends.

Accommodations

Our meeting hotel is the Rosen Centre Hotel at 9840 International Drive, Orlando, Florida 32819. To reserve your room, call 407-996-9840 and request the USPS room rate of \$155 plus tax per night or register online.

Activities Registration

With activities scheduled nearly every day, you'll want to plan ahead and purchase tickets before they're gone. From the Saturday night dinner-dance to local tours and luncheons, there's something for every member of the family. Don't miss the boat; get your tickets today! A \$10 per ticket surcharge will be incurred for reservations made after Jan. 8, 2018.
